

THE BOLD SOURCE ISSUE 2

SUBMISSIONS CALL-OUT

Are you a young person aged 10-25 years who's connected to the city of Brimbank?

The Bold Source wants to hear from you.

We are on the hunt for creative work, both visual and written, that relates to the theme **Transformation / Metamorphosis**.

Transformation involves trusting the unknown and delving into something uncertain. It can happen within ourselves, in our communities and beyond. What are ways we can reshape how we see the world and reimagine our future? How have you challenged yourself or others to change?

Metamorphosis is the transition between stages. Teenager to adult.

Normalcy to global pandemic. It can be to adapt without warning. How have you coped during periods of immense change and uncertainty?

We want to see your opinion essays, short stories, poetry, drawings, photography, comics, and more!
